# IndiafightsCorona

इस्योती इरादा

02.04.2020

As the coronavirus (COVID-19) global pandemic unfolding and enters into a critical phase, we would like to share our plans to render our service seamlessly while giving utmost priority to the health and well-being of our employees and our ecosystem of patrons, vendors, and partners.

Our hearts go out to anyone directly or indirectly impacted by this pandemic. We are inspired by the selfless service of healthcare workers, sanitization workers, and other professionals including central and state administration who continue to serve the people in need.

At this moment, our two main priorities are:

1. Ensuring the health and safety of all our employees and stakeholders
2. Exploring every effort to provide innovative and quality service that our customers expect from INSDAG

To ensure health and safety, we have asked our employees to follow the guidelines of the World Health Organization (WHO) & appropriate Indian authorities, and maintain social distancing, work from home, and conduct meetings with phone and video calls. Assuredly, our employees are well-versed in remote work. We have also rescheduled all in-person events in the month of April 2020 to digital platforms. Doing so allows us to suspend all business travel and large gatherings.

Since, we pride ourselves on being a customer-centric company, rest assured, we will continue to achieve all business goals by ensuring that our employees are well equipped to stand in support.

On behalf of INSDAG, I wish you and your families safety and good health during these trying times.

We are isolated but united!

All the best,

Sushim Banerjee  
Director General
